

## Bolting Drill Rig

### Compact Structure

High-strength components with excellent rigidity

### Enhanced Safety Performance

Protective structure ensures operator safety

### High Efficiency

Powerful drilling force for improved bolting efficiency

### Easy Operation

Full-hydraulic control system enables convenient underground operation and maintenance

### Company Profile

Founded in 2000, KAMY CHINA is located in the AI Industrial Park of the G60 Sci-Tech Innovation Corridor in Songjiang, Shanghai. Upholding the mission of “Creating Value for Users,” KAMY focuses on green mining and intelligent excavation, building the KAMY brand. KAMY operates two main bases: The Shanghai base (7,000+ m<sup>2</sup> for plant area, 4,000+ m<sup>2</sup> for offices) focuses on R&D, design, and sales. The Jiangsu base (50,000+ m<sup>2</sup> plant area, 12,000+ m<sup>2</sup> workshop) is dedicated to manufacturing.

Recognized as a High-Tech Enterprise in Shanghai, KAMY employs over 100 staff, with over 25% holding senior or intermediate technical titles. The company holds 40+ safety certifications and 20+ national patents. KAMY collaborates extensively with domestic institutions such as China University of Mining and Technology, Shandong University of Science and Technology, Xi'an University of Science and Technology, and several coal industry research institutes. International cooperation includes partnerships with BETEK (Germany), EIS (Australia), and SGTM (Morocco).

#### Main Products:

- ① Coal gangue backfilling Machines – leading the industry
- ② Cantilever roadheaders (Axial and Transverse Types)
- ③ Loading machines
- ④ Crawler reclaim conveyor series
- ⑤ Tunnel rehabilitation machines
- ⑥ Mine waterjet cutting machines
- ⑦ Shearer Drums (in collaboration with EIS Australia) and Roadheader Cutting Heads
- ⑧ SWRCMM wear-resistant plates
- ⑨ Hydraulic nuts and hydraulic brakes
- ⑩ Technical consulting, equipment integration, customization, and maintenance services

KAMY products are used in over 100 mining areas across China and exported to countries including South Korea, Pakistan, Mongolia, Morocco, Mexico, Poland, India, the United States, and Australia.

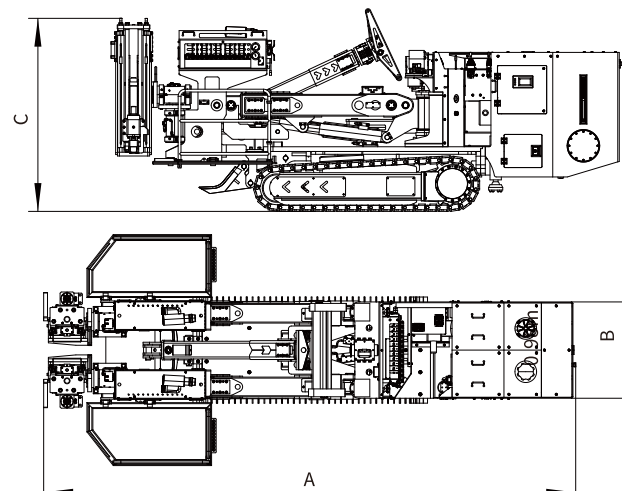

Shanghai Kamy Electromechanical Co.,Ltd

Add: No. 201 Dongkai Road, Songjiang District Shanghai, China

Item	Parameter
Number of Drilling Arms	2
Applicable Tunnel Profile	11-20 m <sup>2</sup>
Working Range	5600x4000 mm
Min. Turning Radius (Travel Mode)	2650 mm
Operating Width (Stabilized Mode)	2500 mm
Dimensions (L × W × H)	5450x980x2250(±50)mm
Temporary Support Force	50 kN
Drilling Diameter	Φ27~Φ48 mm
Drilling Depth (f = 3~8)	50 m
Flushing Water Pressure	1.5~2 Mpa
Compatible Drill Tools	B19、B22、H22 mm
Machine Weight	~12000 kg
Ground Pressure	0.1 Mpa
Ground Clearance	200 mm
Operating Voltage	1140/660 V
Operating Current	28/48.6 A
Starting Current	75/150 A
Installed Power	45 kW

### Main Technical Specifications

上海科煤  
KAMY Electromechanical
