

# Shearer Drums

  
Streamlined wear-resistant design for better coal-loading efficiency and effective dust suppression.

  
Innovative pick arrangement under patent application, enabling small shearer drums to cut coal more efficiently.

  
Specialized replaceable pick sleeve and holder system for secure tooth retention, extending drum service life.

  
Embedded pick holder design to prevent cracking and breakage.

  
Welded and inspected in strict compliance with Australian standards.

## Company Profile

KAMY CHINA, founded in 2000, is located in Shanghai Songjiang G60 Sci-Tech Innovation Valley – Artificial Intelligence Industrial Park. Upholding the principle of “KAMY Products, Creating Value for Users,” the company has established the KAMY brand, dedicated to green mining and intelligent coal mining solutions. KAMY CHINA operates two bases: the Shanghai base, focused on R&D, design, and sales, covering over 7,000 m<sup>2</sup> with 4,000 m<sup>2</sup> of office space; and the Jiangsu base, dedicated to manufacturing, occupying more than 50,000 m<sup>2</sup> with 12,000 m<sup>2</sup> of workshops.

As a high-tech enterprise in Shanghai, KAMY CHINA employs over 100 staff, with more than 25% holding senior professional titles. The company has obtained over 40 safety certifications and more than 20 national patents. It actively collaborates with China University of Mining & Technology, Shandong University of Science and Technology, Xi’an University of Science and Technology, China Coal Research Institute, Tangshan Research Institute, Taiyuan Research Institute, and China Energy Research Institute. International cooperation includes partnerships with BETEK (Germany), EIS (Australia), SGTm (Morocco), and others in product development and technology exchange.

KAMY Core Products and Services: (1) Coal Gangue Backfilling Machine (2) Roadheader (3) Loading Machine (4) Transfer Conveyor (5) Roadway Repair Machine (6) Waterjet Cutter (7) Shearer drum and Roadheader Cutting head (8) SWRCMM Wear Plate (9) Hydraulic nuts and hydraulic bolt tensioning device (10) Technical services - engineering consultation, spare parts supply, modifications, and maintenance.

KAMY CHINA products are distributed across more than 100 mining regions worldwide, with exports to South Korea, Pakistan, Mongolia, Russia, Morocco, Mexico, Poland, Ukraine, the United States, Australia, and other countries.

### Shearer Drum Diameter (mm)

600	630	670	710
750	800	900	1000
1100	1250	1400	1600
1800	2000	2240	2500
